

3rd Annual National Rally & Pipe Out Paddle Protest Saturday, September, 2

Line 5 is a 63 year old pipeline beneath the Straits of Mackinac. It carries light crude oil and natural gas, and is owned by the same irresponsible company (Enbridge) that allowed the Kalamazoo River oil spill to occur. This pipeline poses too great of a risk to our Great Lakes.

A flotilla is a large group of kayaks/kayaktivists protesting on the water for a cause, or calling for an ACTION. If this pipeline breaks, it will devastate the pristine Waters of Lake Michigan for centuries. #shutdownline5

All the details you need (including printable flyers) are here:
