Here we present an introduction to the Keweenaw Unitarian Universalist Fellowship (KUUF) library. The mission of our library follows: To increase religious literacy among patrons, to make a positive difference in the lives of our members and to help them on their journey.

Below you will find a list of our holdings, available to borrow. You can browse or search this list. Search using the "edit" menu and "find." Browse or borrow books and other materials from the cupboard by the TV in our BHK meeting room. We have a simple check-out procedure, and include instructions in the cupboard.

The first section of the library list contains items related to Unitarian Universalism. We describe this "category" as "UU." The second section of the library list contains items belonging to other established religious traditions, not directly related to Unitarian Universalism, and categorized as "non-UU religious." The third section contains miscellaneous items that do not fit into either of the first two categories. We use a broad interpretation of our mission.

We try to have each of the three categories recorded in alphabetical order by subject. However, you should realize that an item could have several different subjects interrelated in different ways. For each listing in the document we usually have only a single subject—the one that the librarian thinks would be the most logical. If you search for a particular topic using the wrong terminology, you may not find anything. If you unsuccessfully search for a certain word, try searching again using a different word, or try a different spelling. This principle also applies to author or title searches. Be aware that we have not made any distinction between author and editor. Finally, this continues to be a working document, and will be updated as necessary.

We always appreciate feedback. Send your comments to Bob Fiandt (librarian), or Harriet King (webmaster).
