

604 Building Updates

2/12/24

Work continues everywhere in the building!

The Sanctuary has power and the light fixtures are installed – including those over the stage.

The walls in the Sanctuary are primed and painted.

Ana's husband Devon is designing and building a podium for our new space

We have working exterior lights.

Wall board is up in the storage rooms, hall, and office areas.

Electrical work continues.

The storage rooms are painted.

Wall boards are up and painted in the entry.

The light fixture is installed in the entry.

The ADA bathroom has a working toilet

A ceiling is going up in the large office off the Sanctuary.

More volunteer opportunities coming up for painters – watch your email!
